KidZania Koshien Information

KCJ GROUP INC.

About KidZania

KidZania Koshien opened at LaLaport Koshien in March 2009 and is the second place to open in Japan after Tokyo.

KidZania is an indoor work experience facility providing “edutainment” (education with entertainment) for children. It's concept has originally been developed by KZM (Mexico City, CEO: Xavier Lopez) and has since been expanding rapidly in many countries around the world. KidZania Koshien offers children about 100 fun and interesting role-playing activities in an exciting city setting with over 60 pavilions scaled-down to two thirds of their real-world size. After being paid for their work in kidZos, the official currency of KidZania, Kids get to experience real economic activity as they buy products and services, save their money at the bank and use real ATMs around the park.

KidZania Koshien and KidZania Tokyo were developed to reflect Japanese society and through its "Edutainment" experience give Kids in Japan an opportunity to get a glimpse into different work environments.

KidZania Koshien, run by KCJ GROUP INC., gives children a empowering experience also supporting personal growth and confidence.

*Edutainment = Education + Entertainment

By combining fun and learning, skills are acquired in an exciting, non-traditional way.

Kids in Grownup Roles

By taking on the role of Doctor, Firefighter, DJ, Newspaper Reporter or Bus Guide, Kids get to learn by “working” as Adults in realistic, hands-on activities. Each pavilion offers activities with a range of difficulty levels to meet the abilities and interests of each Kid. Our staff of “Zupervisors” are on hand to provide support as Kids experience each activity. KidZania Koshien is a fun world of grownup role-playing!

Education + Entertainment = Edutainment

At KidZania, personal experience becomes a powerful learning tool. We value fun and play first, allowing Kids to learn naturally about team-work, communication and responsibility. As Kids freely role-play and build experience, they develop independence, social skills and an understanding of monetary value. Adults are often amazed at the growth Kids show when allowed to make their own choices.

A Safe Learning Environment

The security and safety of all KidZania visitors is one of our primary concerns. Our state of the art security system ensures peace of mind. Kids cannot exit KidZania without being accompanied by the Adults they entered and registered with. We welcome Adults to watch their Kids accomplishments from the viewing areas at each pavilion or visit our Parents Lounge where Adults can relax, watch television, read, or take advantage of free internet access while their Kids having fun.

Work, Earn, Save, Do!

Kids are paid for their work in kidZos, the official currency of KidZania. Recognized at every KidZania location throughout the world, kidZos are used to buy products and services. When opening an account at the Bank in KidZania, Kids receive a real cash card to be used at ATMs. Kids can deposit kidZos into their account for use during their next visit. Kids use their earnings to play at KidZania or can learn about saving their kidZos for bigger and better.

AQUALINK

English @ KidZania

English@KidZania introduces English learning into the overall KidZania Edutainment experience. The goal is to provide Kids with a meaningful out-of-the-classroom way to learn and use English. Supervisors prepare Kids for the activity by using special English boards that are easy to understand and learn from.

During the activity, Kids use the English they learned, so they can experience something different at every pavilion they visit.

E@K Activity

E@K Activities are the second step of English@KidZania. The goal of E@K Activities is to provide Kids with an immersive English experience. By completing an activity conducted only in English, we hope that Kids will come away with a positive feeling that learning English is an achievable goal. E@K Activities also provide a chance for Kids that cannot speak Japanese to more easily experience KidZania.

EnglishActivities Program

English Activities Program (EAP) is the third step of English@KidZania. It is a special program for Kids with a strong interest in English and led by a native or bilingual English speaker called a Navigator.

EAP consists of 5 consecutive activities conducted exclusively in English over a 3 hour period. EAP eKspress consists of 3 consecutive activities over a 1.5 hour period specifically aimed at younger Kids. Kids that participate in EAP also have the advantage of not needing to wait in line for each activity. Kids also wear special EAP uniforms and receive a special certificate and EAP bag. Kids also have time before and after EAP to enjoy activities of their own choosing.

English Wednesday!

English Wednesday! is a weekly program on Wednesdays with E@K Activities as its core feature, along with utilizing English while waiting for activities.
